Step 1: Start by launching a vertical cycle up and above your head. Step 2: When the yo-yo returns, send it back straight in front of you, as if you were throwing an attacker Pass. Step 3: as he returns, send it back to the floor as in the down shot. Catch him back. Find out how to escape in the next section. Like Michael Jordan, you can challenge gravity with this yo-yo makeup. When the escape is done correctly, the yo-yo will seem to hang in half air for a fraction of a second. Step 1: Hold the yo-yo in your arm like you're doing a muscle. Hit the arm, release the yo-yo and shorten the elbow. The yo-yo will fly out and down. Step 2: If you are a yo-yoer with the right hand, swing your arm to the left, through the front of the body in an arc. Let the yo-yo smell in front of you on the opposite side of your body. Start the yo-yo to hang half air at the end of the rope for a fraction of a second. While yo-yo slows down, give a dick to the rope and call the yo-yo makeup seems to be identical to throwing a normal dormant. The difference is that in this trick the yo-yo on the edge in your hand yo-yo, palm, as you would do when it throws a normal sleep. Now place the yo-yo between the thumb and the middle finger, in line with the shoulder. Unlike the dormant, the rope should flow out from the back and the bottom of the yo-yo to the ground in a steady and overhand movement. Make sure you throw down the yo-yo, otherwise it could turn on a side. Watch the yo-yo turn e e adroc alla enoilgoc nu iad: 3 ossaP.
